Horace Mann School for the Deaf Certificate	45
Continuation School Certificates	45
Day Clerical School Certificates	46
Day and Evening Industrial Schools Certificates	46
Assistant in Manual Arts Certificate	52
Assistant in Music Certificate	53
Supervisor of Bands and Orchestras Certificate	53
Examiner in Penmanship Certificate	53
Instructor in Military Drill Certificate	53
School Nurse Certificate	53

BOSTON PUBLIC SCHOOLS,
OFFICE OF BOARD OF SUPERINTENDENTS,
15 BEACON STREET, August 1, 1930.

This document contains the names of all candidates included in the 1929 Eligible List (School Document No. 5, 1929) who have not been appointed to permanent positions in the service under the certificates indicated and whose certificates are still valid, with the exception of those who have asked that their names be omitted from this list. It also contains the names of persons who have successfully passed examinations held since that date, the names of graduates of The Teachers College of the City of Boston of June, 1930, and the names of candidates eligible for appointment as school nurse.

Graduates of The Teachers College prior to 1930, whose names appear on this list, have been re-rated by the Board of Superintendents and constitute prior lists, except where practically no teaching has been done during the year. In these cases the graduation rating stands and the names appear on the current list.

The regulations of the School Committee with respect to the appointment, reappointment, assignment, transfer, removal, tenure of office, and marriage of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

PREPARATION OF ELIGIBLE LISTS.

Eligible lists of candidates with their respective ratings are annually prepared by the Board of Superintendents, which lists include the names of graduates of The Teachers College of the City of Boston arranged according to ratings in their respective courses.

Appointments of teachers and members of the supervising staff, and school nurses, are made from the eligible lists in effect at the time of appointment. The names of candidates who successfully pass the prescribed examinations are added to the eligible lists on the dates upon which the results of such examinations are reported by the Board of Superintendents to the School Committee, and these names are merged with the names of others of existing groups according to numerical ratings. Appointments thereafter are made from these merged lists.

CLASSROOM INSPECTION OF CANDIDATES.

All candidates certificated for permanent day school service are visited in the classroom by a representative of the Board of Examiners, with the exception of those whose examinations included a demonstration lesson. This classroom demonstration is given great weight in determining the credit for "Amount, Quality and Character of Experience in Teaching."

CITIZENSHIP REQUIREMENTS.

The Board of Examiners may not admit to certificate examinations persons who are not citizens of the United States, unless they shall have filed their declaration of intention to become citizens.

APPOINTMENTS FROM THE ELIGIBLE LISTS.

No name may be passed unless the person shall refuse appointment or the Superintendent shall certify to the School Committee that there are good reasons why said person should not be appointed. In case the person who heads the list refuses appointment, those next in order on the list shall successively become eligible for appointment.

APPOINTMENTS NOT GOVERNED BY ELIGIBLE LISTS.

Appointments as president, dean, adviser of women, or teacher in The Teachers College of the City of Boston,

as director, associate director, first assistant director, or assistant director of a special subject or department, as supervisor or assistant supervisor of a special subject or department, as supervising nurse, and as supervisor in charge of playgrounds, are not governed by the eligible lists.

AGE LIMITATION.

No person may be appointed to the permanent day school service, except to The Teachers College and to certain supervisory positions as specified in the regulations of the School Committee, to take effect later than the thirty-first day of December following the fortieth birthday of such person. This limitation, however, does not affect the promotion of a permanent teacher or member of the supervising staff to any position in the public schools.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons appointed to permanent positions in the day school service are removed from the respective eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may, upon written application, have it restored to the next eligible lists in June of any year during the life of the certificate, with the same rating as before; or, if a graduate of The Teachers College of the City of Boston, with such re-rating as the Board of Superintendents may determine; provided, that such restoration shall not operate to extend the original period for which the certificate is valid.

The names of persons appointed as temporary teachers, or as teachers in the evening schools, or in playgrounds, or as temporary nurses, are not removed from their respective eligible lists because of such appointment.

The name of any person who has refused three offers of permanent appointment shall, by action of the Board of Superintendents, be dropped from the eligible list for the current school year. The name of any person may for cause be removed from any eligible list upon the recommendation of the Superintendent and action by the School Committee.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Examiners annually conducts examinations of candidates for appointment as members of the supervising staff and as teachers in the day and evening schools.

Examinations for day school certificates are held at The Teachers College, Huntington Avenue and Longwood Avenue, during the week of the Christmas vacation of the Boston public schools.

DETAILED INFORMATION WITH REGARD TO EXAMINATIONS.

Application for information as to certificate examinations should be made, personally or in writing, to the Chief Examiner, 15 Beacon Street.

RE-EXAMINATION FOR CERTIFICATES.

Persons whose names appear on any eligible list may have their ratings changed by re-examination, subject to the meeting of the eligibility requirements then in effect, including the age limitation. (For "Age Limitation," see preceding page.)

A person taking more than one examination of the same class is rated on the eligible list of that class solely upon the results of the latest examination, except that holders of the certificates of qualification IV. High School, XXXIII. Intermediate, and the Industrial School certificates, XXX., XXXI.-A, and XXXI.-B, may, by re-examination, obtain a rating in more than one group under said certificates.

Graduates of The Teachers College who qualify by examination for a certificate of the same grade as that covered by The Teachers College certificate, may retain their positions upon The Teachers College lists.

If a person holding a valid certificate of qualification, on re-examination for a certificate of the same grade, shall obtain a rating lower than that held at the time of such re-examination, he may, in the discretion of the Board of Superintendents, retain his original rating with date of expiration of certificate unchanged.

ELLEN M. CRONIN,
Secretary.

Assistant Director of Music Certificate	53
Assistant in Music Certificate	54
Supervisor of Bands and Orchestras Certificate	54
Examiner in Penmanship Certificate	54
Instructor in Military Drill Certificate	54
School Nurse Certificate	54

BOSTON PUBLIC SCHOOLS,
OFFICE OF BOARD OF SUPERINTENDENTS,
15 BEACON STREET, August 1, 1931.

This document contains the names of all candidates included in the 1930 Eligible List (School Document No. 10, 1930) who have not been appointed to permanent positions in the service under the certificates indicated and whose certificates are still valid, with the exception of those who have asked that their names be omitted from this list. It also contains the names of persons who have successfully passed examinations held since the issue of the 1930 Eligible List, the names of graduates of The Teachers College of the City of Boston of June, 1931, and the names of candidates eligible for appointment as school nurse.

Graduates of The Teachers College prior to 1931, whose names appear on this list, have been re-rated by the Board of Superintendents and constitute prior lists, except where practically no teaching has been done during the year. In these cases the graduation rating stands and the names appear on the current list.

The regulations of the School Committee with respect to the appointment, reappointment, assignment, transfer, removal, tenure of office, and marriage of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

PREPARATION OF ELIGIBLE LISTS.

Eligible lists of candidates with their respective ratings are annually prepared by the Board of Superintendents, which lists include the names of graduates of The Teachers College of the City of Boston arranged according to ratings in their respective courses.

Appointments of teachers and members of the super-

vising staff, and school nurses, are made from the eligible lists in effect at the time of appointment. The names of candidates who successfully pass the prescribed examinations are added to the eligible lists on the dates on which the results of such examinations are reported by the Board of Superintendents to the School Committee, and these names are merged with the names of others of existing groups according to numerical ratings. Appointments thereafter are made from these merged lists.

CLASSROOM INSPECTION OF CANDIDATES.

All candidates certificated for permanent day school service are visited in the classroom by a representative of the Board of Examiners, with the exception of those whose examinations included a demonstration lesson. This classroom demonstration is given great weight in determining the credit for "Amount, Quality and Character of Experience in Teaching."

CITIZENSHIP REQUIREMENT.

The Board of Examiners may not admit to certificate examinations persons who are not citizens of the United States, unless they shall have filed their declaration of intention to become citizens.

RESIDENCE REQUIREMENT.

The following order was passed by the School Committee on July 30, 1930:

"Ordered, That the rules and regulations be amended to provide that no person shall be appointed to any position in the employ of the School Committee of the City of Boston after January 1, 1931, who is not a legal resident of the City of Boston; provided that this order shall not affect those already on the eligible lists or on civil service lists for Boston appointment, nor shall it affect those

who have been admitted to The Teachers College up to that date; and provided further, that all residents appointed under the terms of this order to any position in the school department, and all residents admitted to The Teachers College, shall continue to have a domicile in this city during their employment or during attendance at The Teachers College."

APPOINTMENTS FROM THE ELIGIBLE LISTS.

No name may be passed unless the person shall refuse appointment or the Superintendent shall certify to the School Committee that there are good reasons why said person should not be appointed. In case the person who heads the list refuses appointment, those next in order on the list shall successively become eligible for appointment.

AGE LIMITATION.

No person may be appointed to the permanent day school service, except to The Teachers College and to certain supervisory positions as specified in the regulations of the School Committee, to take effect later than the thirty-first day of December following the fortieth birthday of such person. This limitation, however, does not affect the promotion of a permanent teacher or member of the supervising staff to any position in the public schools.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons appointed to permanent positions in the day school service are removed from the respective eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may, upon written application, have it

restored to the next eligible lists in June of any year during the life of the certificate, with the same rating as before; or, if a graduate of The Teachers College of the City of Boston, with such re-rating as the Board of Superintendents may determine; provided, that such restoration shall not operate to extend the original period for which the certificate is valid.

The names of persons appointed as temporary teachers, or as teachers in the evening schools, or in playgrounds, or as temporary nurses, are not removed from their respective eligible lists because of such appointment.

The name of any person who has refused three offers of permanent appointment shall, by action of the Board of Superintendents, be dropped from the eligible list for the current school year. The name of any person may for cause be removed from any eligible list upon the recommendation of the Superintendent and action by the School Committee.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Examiners annually conducts examinations of candidates for appointment as members of the supervising staff and as teachers in the day and evening schools.

Examinations for day school certificates are held at The Teachers College, Huntington Avenue and Longwood Avenue, during the week of the Christmas vacation of the Boston public schools.

DETAILED INFORMATION WITH REGARD TO EXAMINATIONS.

Application for information as to certificate examinations should be made, personally or in writing, to the Chief Examiner, 15 Beacon Street.

RE-EXAMINATION FOR CERTIFICATES.

Persons whose names appear on any eligible list may have their ratings changed by re-examination, subject

to the meeting of the eligibility requirements then in effect, including the age limitation. (For "Age Limitation," see page 7.)

A person taking more than one examination of the same class is rated on the eligible list of that class solely upon the results of the latest examination, except that holders of the certificates of qualification IV. High School, XXXIII. Intermediate, and the Industrial School, certificates, XXX., XXXI.-A, and XXXI.-B, may, by re-examination, obtain a rating in more than one group under said certificates.

Graduates of The Teachers College who qualify by examination for a certificate of the same grade as that covered by The Teachers College certificate, may retain their positions upon The Teachers College lists.

If a person holding a valid certificate of qualification, on re-examination for a certificate of the same grade, shall obtain a rating lower than that held at the time of such re-examination, he may, in the discretion of the Board of Superintendents, retain his original rating with date of expiration of certificate unchanged.

ELLEN M. CRONIN,
Secretary.

BOSTON PUBLIC SCHOOLS,
OFFICE OF BOARD OF SUPERINTENDENTS,
15 BEACON STREET, August 1, 1932.

This document contains the names of all candidates included in the 1931 Eligible List (School Document No. 3, 1931) who have not been appointed to permanent positions in the service under the certificates indicated and whose certificates are still valid, with the exception of those who have asked that their names be omitted from this list. It also contains the names of persons who have successfully passed examinations held since the issue of the 1931 Eligible List, the names of graduates of The Teachers College of the City of Boston of June, 1932, and the names of candidates eligible for appointment as school nurse.

Graduates of The Teachers College prior to 1932, whose names appear on this list, have been re-rated by the Board of Superintendents and constitute prior lists.

The regulations of the School Committee with respect to the appointment, reappointment, assignment, transfer, removal, tenure of office, and marriage of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

PREPARATION OF ELIGIBLE LISTS.

Eligible lists of candidates with their respective ratings are annually prepared by the Board of Superintendents, and include the names of graduates of The Teachers College of the City of Boston arranged according to ratings.

Appointments of teachers and members of the supervising staff, and school nurses, are made from the eligible lists in effect at the time of appointment. The names of

candidates who successfully pass the prescribed examinations are added to the eligible lists on the dates on which the results of such examinations are reported by the Board of Superintendents to the School Committee, and these names are merged with the names of others of existing groups according to numerical ratings. Appointments thereafter are made from these merged lists.

CLASSROOM INSPECTION OF CANDIDATES.

All candidates certificated for permanent day school service are visited in the classroom by a representative of the Board of Examiners, with the exception of those whose examinations included a demonstration lesson. This classroom demonstration is given great weight in determining the credit for "Amount, Quality and Character of Experience in Teaching."

CITIZENSHIP REQUIREMENT.

The Board of Examiners may not admit to certificate examinations persons who are not citizens of the United States.

RESIDENCE REQUIREMENT.

The following order was passed by the School Committee on July 30, 1930:

"Ordered, That the rules and regulations be amended to provide that no person shall be appointed to any position in the employ of the School Committee of the City of Boston after January 1, 1931, who is not a legal resident of the City of Boston; provided that this order shall not affect those already on the eligible lists or on civil service lists for Boston appointment, nor shall it affect those who have been admitted to The Teachers College up to that date; and provided further, that all residents appointed under the terms of this order to any position in the school

department, and all residents admitted to The Teachers College, shall continue to have a domicile in this city during their employment or during attendance at The Teachers College."

APPOINTMENTS FROM THE ELIGIBLE LISTS.

No name may be passed unless the person shall refuse appointment or the Superintendent shall certify to the School Committee that there are good reasons why said person should not be appointed. In case the person who heads the list refuses appointment, those next in order on the list shall successively become eligible for appointment.

AGE LIMITATION.

No person may be appointed to the permanent day school service, except to The Teachers College and to certain supervisory positions as specified in the regulations of the School Committee, to take effect later than the thirty-first day of December following the fortieth birthday of such person. This limitation, however, does not affect the promotion of a permanent teacher or member of the supervising staff to any position in the public schools.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons appointed to permanent positions in the day school service are removed from the respective eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may, upon written application, have it restored to the next eligible lists in June of any year during the life of the certificate, with the same rating as before, or, if a graduate of The Teachers College of the City of Boston, with such re-rating as the Board

of Superintendents may determine; provided, that such restoration shall not operate to extend the original period for which the certificate is valid.

The names of persons appointed as temporary teachers, or as teachers in the evening schools, or in playgrounds, or as temporary nurses, are not removed from their respective eligible lists because of such appointment.

The name of any person who has refused three offers of permanent appointment shall, by action of the Board of Superintendents, be dropped from the eligible list for the current school year. The name of any person may for cause be removed from any eligible list upon the recommendation of the Superintendent and action by the School Committee.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Examiners annually conducts examinations of candidates for appointment as members of the supervising staff and as teachers in the day and evening schools.

Examinations for day school certificates are held at The Teachers College, Huntington Avenue and Longwood Avenue, during the week immediately preceding Labor Day.

DETAILED INFORMATION WITH REGARD TO EXAMINATIONS.

Application for information as to certificate examinations should be made, personally or in writing, to the Chief Examiner, 15 Beacon Street.

RE-EXAMINATION FOR CERTIFICATES.

Persons whose names appear on any eligible list may have their ratings changed by re-examination, subject to the meeting of the eligibility requirements then in effect, including the age limitation. (For "Age Limitation," see page 7.)

A person taking more than one examination of the same class is rated on the eligible list of that class solely upon the results of the latest examination, except that holders of the certificates of qualification IV. High School, XXXIII. Intermediate, and the Industrial School, certificates, XXX., XXXI.-A, and XXXI.-B, may, by re-examination, obtain a rating in more than one group under said certificates.

Graduates of The Teachers College who qualify by examination for a certificate of the same grade as that covered by The Teachers College certificate, may retain their positions upon The Teachers College lists.

If a person holding a valid certificate of qualification, on re-examination for a certificate of the same grade, shall obtain a rating lower than that held at the time of such re-examination, he may, in the discretion of the Board of Superintendents, retain his original rating with date of expiration of certificate unchanged.

ELLEN M. CRONIN,
Secretary.

Horace Mann School for the Deaf Certificate	46
Continuation School Certificates	46
Day and Evening Industrial Schools Certificates	47
Assistant in Manual Arts Certificate	53
Assistant Director of Music Certificate	53
Assistant in Music Certificate	53
Supervisor of Bands and Orchestras Certificate	53
Instructor in Military Drill Certificate	53
School Nurse Certificate	54

BOSTON PUBLIC SCHOOLS,
OFFICE OF BOARD OF SUPERINTENDENTS,
15 BEACON STREET, October 1, 1933.

This document contains the names of all candidates included in the 1932 Eligible List (School Document No. 5, 1932) who have not been appointed to permanent positions in the service under the certificates indicated and whose certificates are still valid, with the exception of those who have asked that their names be omitted from this list. It also contains the names of persons who have successfully passed examinations held since the issue of the 1932 Eligible List, the names of graduates of The Teachers College of the City of Boston of June, 1933, and the names of candidates eligible for appointment as school nurse.

Graduates of The Teachers College prior to 1932, and the 1932 Kindergarten Primary graduates, whose names appear on this list, have been re-rated by the Board of Superintendents and constitute prior lists.

The regulations of the School Committee with respect to the appointment, reappointment, assignment, transfer, removal, tenure of office, and marriage of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

PREPARATION OF ELIGIBLE LISTS.

Eligible lists of candidates with their respective ratings are annually prepared by the Board of Superintendents, and include the names of graduates of The Teachers College of the City of Boston arranged according to ratings.

Appointments of teachers and members of the supervising staff, and school nurses, are made from the eligible lists in effect at the time of appointment. The names of

candidates who successfully pass the prescribed examinations are added to the eligible lists on the dates on which the results of such examinations are reported by the Board of Superintendents to the School Committee, and these names are merged with the names of others of existing groups according to numerical ratings. Appointments thereafter are made from these merged lists.

CLASSROOM INSPECTION OF CANDIDATES.

All candidates certificated for permanent day school service are visited in the classroom by a representative of the Board of Examiners, with the exception of those whose examinations included a demonstration lesson. This class room demonstration is given great weight in determining the credit for "Amount, Quality and Character of Experience in Teaching."

CITIZENSHIP REQUIREMENT.

The Board of Examiners may not admit to certificate examinations persons who are not citizens of the United States, provided that graduates of The Teachers College who are not citizens, may be admitted to certificate examinations upon presentation of evidence of filing of first papers.

RESIDENCE REQUIREMENT.

The Board of Examiners may not admit to certificate examinations persons who were not *bona fide* residents of the City of Boston on March 27, 1933.

APPOINTMENTS FROM THE ELIGIBLE LISTS.

No name may be passed unless the person shall refuse appointment or the Superintendent shall certify to the School Committee that there are good reasons why said person should not be appointed. In case the person who heads the list refuses appointment, those next in order on the list shall successively become eligible for appointment.

AGE LIMITATION.

No person may be appointed to the permanent day school service, except to The Teachers College and to certain supervisory positions as specified in the regulations of the School Committee, to take effect later than the thirty-first day of December following the fortieth birthday of such person. This limitation, however, does not affect the promotion of a permanent teacher or member of the supervising staff.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons appointed to permanent positions in the day school service are removed from the respective eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may, upon written application, have it restored to the next eligible lists in June of any year during the life of the certificate, with the same rating as before, or, if a graduate of The Teachers College of the City of Boston, with such re-rating as the Board of Superintendents may determine; provided, that such restoration shall not operate to extend the original period for which the certificate is valid.

The names of persons appointed as temporary teachers, or as teachers in the evening schools, or in playgrounds, or as temporary nurses, are not removed from their respective eligible lists because of such appointment.

The name of any person who has refused three offers of permanent appointment shall, by action of the Board of Superintendents, be dropped from the eligible list for the current school year. The name of any person may for cause be removed from any eligible list upon the recommendation of the Superintendent and action by the School Committee.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Examiners annually conducts examinations of candidates for appointment as members of the supervising staff and as teachers in the day and evening schools.

Examinations for day school certificates are held at The Teachers College, Huntington Avenue and Longwood Avenue, during the week immediately preceding Labor Day.

DETAILED INFORMATION WITH REGARD TO
EXAMINATIONS.

Application for information as to certificate examinations should be made, personally or in writing, to the Chief Examiner, 15 Beacon Street.

RE-EXAMINATION FOR CERTIFICATES.

Persons whose names appear on any eligible list may have their ratings changed by re-examination, subject to the meeting of the eligibility requirements then in effect, including the age limitation. (For "Age Limitation," see page 7.)

A person taking more than one examination of the same class is rated on the eligible list of that class solely upon the results of the latest examination, except that holders of the certificates of qualification IV. High School, XXXIII. Intermediate, and the Industrial School certificates, XXX., XXXI.-A, and XXXI.-B, may, by re-examination, obtain a rating in more than one group under said certificates.

Graduates of The Teachers College who qualify by examination for a certificate of the same grade as that covered by The Teachers College certificate, may retain their positions upon The Teachers College lists.

If a person holding a valid certificate of qualification, on re-examination for a certificate of the same grade shall obtain a rating lower than that held at the time of such re-examination, he may, in the discretion of the Board of Superintendents, retain his original rating with date of expiration of certificate unchanged.

ELLEN M. CRONIN,
Secretary.
